

**REMARKS**

In response to the Notice of Non-Compliant Amendment dated November 13, 2006, applicant has corrected claim 8 to remove the typographical error in the response paper submitted September 5, 2006. Claim 8 is now correctly identified as "previously presented" only included the limitations presented in the response paper submitted June 7, 2006. Applicant has reviewed the other claims and finds no additional typographical errors to correct at this time.

As noted in the response paper submitted September 5, 2006, applicant believes that the amendments made to claims 1, 7-10, 15, 16 and 20 submitted in response to the Office Action of March 7, 2006, places all the claims in condition for allowance. Thus, generic claims 1, 10 and 16, from which species claims 2, 3, 11, 12 and 17 depend should be allowed, and, therefore, species claims 2, 3, 11, 12 and 17 are believed to be a reasonable number embraced by the generic claims under 37 CFR 1.146 (MPEP 809.02).

However, to advance prosecution, applicant has provisionally elected to pursue "Species I" and has provisionally withdrawn from consideration "Species II" by the present amendment, whereby claims 17 has been provisionally amended and claims 3 and 12 have been provisionally withdrawn from consideration. Applicant respectfully requests that claims 3 and 12 and original claim 17 be re-instated should the Examiner determine generic claims 1, 10 and 16 to be allowable.

For all the foregoing, early allowance of the claims is respectfully requested. No fee is believed due in connection with this submission. If necessary, applicant requests, under the provisions of 37 CFR 1.136(a) to extend the period for filing a reply in the above-identified application and to charge the fees for a large entity under 37 CFR 1.17(a). The Director is authorized to charge any additional fee(s) or any underpayment of fee(s) or credit any overpayment(s) to Deposit Account No. 50-3001 of Kyocera Wireless Corp.

Respectfully Submitted,

Dated: Nov 17, 2006
